Savannah Cat Care Fund will use the following criteria to determine whether funds will be disbursed for an animal's care:

- The financial need of the animal owner.
- The opinion of the treating veterinarian as to the medical necessity, urgency, and prognosis for the treatment needed.
- The demonstrated capability of the animal owner to take responsibility for his/her animal.

After consulting with the veterinarian to determine the immediacy of care and after determining the animal owner's level of responsibility for the animal's future care, The Savannah Cat Care Fund will determine the level of funding to be provided. Requests for grants will be put on a waiting list for available funding and will be limited to a \$500 limit per applicant. Funding may be less than that amount depending on the funds needed and the funding available.

Breed that is Covered - The Savannah Cat Care Fund is a breed specific Care fund. Cats must be Savannah's cats. Owners will be required to submit proof the cat is a savannah cat.

Approval or Denial of Grants - When we receive your complete application, we will contact you regarding approval or denial of funding. Applicants are reviewed by The Savannah Cat Care Board.
